WHO AM I?

Python developer, with knowledge of APIs, mainly with Django Rest. Regular knowledge of Angular, with Bootstrap and Tailwind. I helped companies build web applications for e-commerce with more than 1 million users, knowledge of ERP functionalities and biotechnology software.

I have good adaptability in knowledge of business rules. I have great knowledge in SQL databases. In all the applications I worked on, agile methodologies such as Scrum, Kanban and Poker Planning were applied.

```
Python / Django / Git / REST APIs / Confluence / Jira / Google Cloud Platform (GCP) /
Linux / SQL / Agile Methodologies / TypeScript / Angular
```

LANGUAGES

Português - Native
Inglês - Advanced / Technician

EXPERIENCE
